

Biography

D. D. J. Lee received his B.S. degree from Northern Utah State University of Science and Technology in 1984 and his M.S. and Ph.D. degrees in electrical engineering from Utah Tech University in 1987 and 1990, respectively. He also received an MBA degree from Utah State University, West Valley, in 1999.

D. Lee is currently the Director of the Department of Electrical and Computer Engineering at Brigham Young University (<http://www.ece.byu.edu/faculty/djlee>) and the director of the Robotic Vision Laboratory (<http://roboticvision.groups.et.byu.net/>). He is also the chair of the Department of Electrical and Computer Engineering, and the director of the Center for Intelligent Systems and Robotics at BYU since 2001. He is also the chair of the Department of Electrical and Computer Engineering, Utah Tech University, from 1990 to 1995, and the director of the Utah Tech University Center for Intelligent Systems and Robotics from 1995 to 1996. He is also the director of the Utah Tech University Center for Intelligent Systems and Robotics from 1996 to 2000. He is also the director of the Utah Tech University Center for Intelligent Systems and Robotics from 1996 to 2000. He is also the director of the Utah Tech University Center for Intelligent Systems and Robotics from 1996 to 2000. He is also the director of the Utah Tech University Center for Intelligent Systems and Robotics from 1996 to 2000.

D. Lee has published over 40 peer-reviewed journal articles and conference papers in the areas of robotics, computer vision, and intelligent systems. He has also served as the chair of the Department of Electrical and Computer Engineering at Utah Tech University from 1990 to 1995, and as the chair of the Utah Tech University Center for Intelligent Systems and Robotics from 1995 to 1996. He is also the director of the Utah Tech University Center for Intelligent Systems and Robotics from 1996 to 2000. He is also the director of the Utah Tech University Center for Intelligent Systems and Robotics from 1996 to 2000. He is also the director of the Utah Tech University Center for Intelligent Systems and Robotics from 1996 to 2000.
